Improve Feature

Description

Feature: User Login and Role Assignment

Description: Allow users to log in securely and assign different roles such as Admin and Team Member.

MoSCoW Priority: Must Have

Kano Category: Basic (Must-be)

Reason: Secure login and role assignment are essential for controlling access to the system. Users expect this functionality, and without it the system cannot be used securely.

Improve Feature

Description

Feature: Task Prioritization and Deadlines

Description: Allow users to set task priorities and deadlines to organize work effectively.

MoSCoW Priority: Should Have

Kano Category: Performance

Reason: Prioritization and deadlines improve productivity and organization. The better this feature works, the more satisfied users will be.

Improve Feature

Description

Feature:

Progress Tracking and Reporting

Description:

Allow users to monitor task progress and generate reports on project status.

MoSCoW Priority:

Could Have

Kano Category:

Excitement

Reason:

Progress tracking and reporting provide valuable insights and enhance the user experience, but the system can still operate without them in the initial release.
